

Early Action Compact Milestone - June 16, 2003
List of Emission Reduction Strategies Under Consideration

Clarendon County

Based on stakeholder consultation and taking into consideration resource and political constraints, the following control measures under consideration can be reasonably implemented. It is anticipated these measures under consideration will assist Clarendon County in achieving and/or maintaining the 8-hour ozone standard by 2007.

Measure under Consideration	Description of measure (A more detailed description will be included in the Early Action Plan.)	Estimate of emission reductions (if available)	Proposed date for implementation	Geographic area and/or local government
Air Quality Contact	One person will be identified as the Air Quality Contact. At a minimum, this contact will be responsible for ozone education/outreach and dissemination of ozone forecast.	Not available	On or before May 2004	County wide
Support state-wide efforts	Clarendon County will support the efforts of SC DHEC regarding state-wide emission reduction strategies.	Not available	County intent is to support these efforts as they are available	County wide
Educational Efforts	Clarendon County will develop an educational supplement to science classes in the Middle School and High School grades to make students aware of the problems and impacts	Not available	On or before May 2004	County wide
Public Information	Information will be provided to the county general regarding air advisories and burning bans, etc.	Not available	On or before May 2004	County wide
Vehicles and fuels	Investigation of alternate fuels for fleet vehicles and develop operating recommendations for vehicles	Not available	On or before May 2004	County wide

Refer to the June 2003 Progress Report submitted by SCDHEC for statewide activities.
